55 N. IH 35 | CAPITOL STATION — P. O. DRAWER 12967 | AUSTIN, TEXAS 78711

The Honorable Mark White
Governor of Texas
Capitol Station
Austin, Texas 78711

Dear Governor White:

The Texas Legislature has charged the Railroad Commission with the responsibility for regulating gas utility companies in Texas. The Commission has original jurisdiction over rates, operations, and service of natural gas sales in unincorporated areas, in addition to de novo appellate review of municipal action.

The Gas Utilities Division performs the day-to-day regulatory activities on behalf of the Commission. In this Annual Report for Fiscal 1983, the Gas Utilities Division presents all information as required by law, plus pertinent 1982 data obtained from the many gas utilities in Texas.

The Gas Utilities Division operated on a budget of $2,712,393 in 1983. During the fiscal year, the Division's staff averaged 78 employees. To best fulfill its responsibilities, the Division is organized into five activities: Auditing, Pipeline Safety, Hearings and Legal Analysis, Reports and Statistics, and Program Management.

The Auditing Section is charged with auditing 240 annual gas utility reports and other filings required by Commission orders. To verify use of a uniform system of accounts, the staff (with personnel in five Texas cities) goes into the field to examine the books in gas utility company offices. The Auditing Section is also responsible for collecting a gross receipts tax of one-fourth of one percent of a utility's gross revenues. Carrying out these mandates in fiscal year 1983, the Auditing staff conducted 120 audits and collected $30,868,524 in gross receipt taxes.

An Equal Opportunity Employer

The goals of the Pipeline Safety Section are to preserve human life, prevent the destruction of property, and loss of natural resources. With personnel in eight Texas cities, the Section enforces the minimum safety standards adopted by the Commission for the safe transportation and delivery of natural gas by intrastate pipelines. In the 1983 fiscal year, the Pipeline Safety staff performed 2,319 safety evaluations, 62 accident leak investigations, and 115 special investigations for Texas cities.

The Hearings and Legal Analysis Section holds hearings to gather evidence concerning gas utility applications, analyzes the evidence, and recommends disposition to the Commission. In fiscal year 1983 the Section received 496 applications and completed 530 applications. Of the applications completed, 84% were within the Commission's original jurisdiction and included unincorporated areas immediately surrounding municipalities, called "environs," pipeline to pipeline or industrial rates, city gate rates and rural burnertip rates; 7% of the cases involved appeals from city rate determinations; and 8% involved other types of cases including safety violations, audit exceptions and jurisdictional questions. At the end of FY 1983, there were 72 cases pending.

The Reports and Statistics Section gathers data from gas utilities subject to the Commission regulations. As a public service, the Section responded to 4,142 complaints and inquiries from the general public in fiscal year 1983. The Section conducts research and publishes reports on matters of relevance to Commission responsibilities. The Section keeps a computer record of all dockets filed and monitors compliance with docket orders, tariff filings, and the statewide curtailment plan. The section also serves as the centralized microfilm facility for the Division.

Program Management plans, organizes, coordinates, and controls the work of the Division as a whole. It is also responsible for fiscal matters, rulemaking proceedings, statutory notices, and communication between the Division and other parts of the Commission.

In accordance with TEX. REV. CIV. STAT. ANN. art. 6061, (Vernon 1983), we hereby transmit the Annual Report of the Gas Utilities Division of the Railroad Commission of Texas for Fiscal Year 1983.

Respectfully submitted,

Mack Wallace, Chairman

Buddy Temple, Commissioner

James E. (Jim) Nugent, Commissioner

Carlos W. Higgins
Acting Director

Weighted average 10 Mcf bill for each residential customer in the 25 above cities:
January 1977 - $23.79; January 1978 - $24.92; January 1979 - $28.09; January 1980 - $30.70;
January 1981 - $36.57; January 1982 - $44.79; January 1983 - $54.96.
Median 10 Mcf bill, January 1983, Brownsville and McAllen ($57.41)

These 25 cities have 1,720,143 residential customers--about 57% of the state total.

Eighteen rate increases were approved by the city councils: Abilene, Austin, Beaumont, Brownsville, Bryan, Corpus Christi, Dallas, El Paso, Ft. Worth, Galveston, Houston, McAllen, San Angelo, San Antonio, Sherman, Temple, Waco, and Wichita Falls. Seven cities had no increase in base rates in 1982: Amarillo, Laredo, Lubbock, Midland, Odessa, Texarkana, and Tyler.

*Southern Union started separating the cost of gas from the cost of service, thus a decrease in the net base rate.
**Corpus Christi has reinstated the GCA rate, GCA was not used in January 1982.

ARK - ARKLA, Inc.; ETX - Entex; MUN - Municipally-Owned; LSG - Lone Star; ENG - Energas; SUG - Southern Union; RGV - Rio Grande Valley.

Wichita Falls	2,853	2,660	3,129	- 6.8	+ 9.7
Mean	2,048	1,987	2,247	- 3.0	+ 9.7

*Degree-days measure the deviation from normal temperature by accumulating the difference between 65°F and the daily mean temperature. A mean temperature of 60° for one day would be five heating degree-days. A greater number of heating degree days than normal indicates colder weather. Less heating degree-days than normal indicates warmer weather. These figures are on a calendar year basis. Colder periods in each heating season may fall either before or after year end.

**Based on past seven years. Figures not available from NOAA.

*Shamrock, Texas, was served by Shamrock Gas Company from January thru June 15, 1982. West Texas Gas, Inc. took over these customers on June 16, 1982. All data has been consolidated under West Texas Gas to avoid duplication of customer count.

Walker County - Price per Mcf was affected by refunds to small commercial and industrial customers.

**Some domestic customers use gas for heating workshops and farm-type enclosures, creating abnormal Mcf consumed per customer.

***Some domestic customers have corn dryers, creating abnormal Mcf consumed per customer.

Note: San Antonio is a municipally-owned system and a gas utility. It is included in Tables 3 and 5.

*Net Loss

Notes:

1. Net dollar amount on unaccounted for gas was calculated by multiplying the net Mcf volume of unaccounted for gas by the average sale price per Mcf.
2. By law, 5% of unaccounted for gas can be built into the rate.
